● The Elite Collection - Introduction

The Elite Collection – Luxury and Precision

Sun State Hemp's goal has always been to craft the purest, most natural CBD on the market. As the culmination of this dedication, we've developed a new line of products we are extremely proud to call The Elite Collection.

The Elite Collection isn't simply a title; it's a selection of expertly-developed, uniquely formulated products that adhere to our precision development process. Each item has been created according to a proprietary new formula and made to exacting specifications, as well as undergoing rigorous product testing for quality and purity.

The Elite Collection serves as the perfect blend of meticulous craftsmanship and our passion for excellence, and represents our continued desire to shape the direction of the CBD and hemp industry. Embrace luxury today.

About CBD

CBD, also known as cannabidiol, is a chemical known as a cannabinoid. It's one of over 100 natural cannabinoids found in the hemp plant, and has a myriad of applications. Hemp's utility for humans has been known for thousands of years, but CBD has remained a mystery to us for much of that time until recently. Through these pages you'll discover new and exciting additions to the world of CBD, achieved right here at Sun State Hemp.

Unlock the Potential of CBD

CBD's ability to interact with our natural Endocannabinoid System (ECS) has shown great potential, as we discover more and more about how our ECS helps regulate a variety of natural functions including mood, stress, sleep cycle, energy levels, and metabolism. With the Elite Collection, it's our goal to provide only the most exacting, precisely-crafted CBD products that will help you take charge of your wellness goals on your own terms.

Elite Wellbeing

With the Elite collection, every product is designed for unparalleled quality in every aspect. Every product in this collection contains a total delta-9-THC concentration that does not exceed 0.3% on a dry-weight basis, meaning that some products, like our Full Spectrum gummies, may contain trace amounts of THC but never enough to have hallucinogenic effects. All products are produced in GMP-Certified labs using organic hemp, and Sun State Hemp is up to date on all the latest local, state, and national regulations.

-

CBD BATH BOMBS

CALM & UNWIND | FOCUS | MUSCLE & JOINT | SENSUAL | SKIN THERAPY

CBD bath bombs combine the natural effects of CBD hemp oil with the proven benefits of essential oils and salts. Whether you're just trying to take the edge off of the day, spend some alone time in a sweet smelling bath, or coat your skin in a smooth layer of healthy CBD infused minerals, CBD bath bombs are the perfect product for you.

CBD CONTENT

100mg

CBD BATH DUST

SPA BATH DUST

CALM & UNWIND | MUSCLE & JOINT | SENSUAL | FOCUS

Our handcrafted bath dust comes from the same skin loving ingredients our bath bombs are made of. No harmful chemicals are ever used, and there's no need to worry about chemical fillers like phthalates or parabens. Our 14oz bath dusts will have you feeling refreshed and moisturized after those double shifts at your job or a hectic day with family. Made with only 100% pure essential oils, and 200mg of natural CBD for maximum benefits.

- ABOUT SUN STATE HEMP
-

WELCOME *to Our Story*

The Elite Collection

At Sun State Hemp, we are a family of talented, passionate individuals who believe that perfect isn't a goal, it's a way of doing business. Sun State Hemp was founded on the goal of providing affordable, high-quality CBD products to those who need them the most, and upholding the most rigorous standards in everything we do. From using only organic farm-raised hemp to maintaining full quality control and lab-testing measures throughout the entire seed-to-sale process, at Sun State Hemp our focus is on ensuring purity and quality for an unparalleled CBD experience. We believe that health and wellness should be attainable for everyone, and we've spent the past few years living up to that with our wide selection of affordable, top quality products.

ABOUT SUN STATE HEMP

Lab Reports

All of our Lab Reports are posted online and are freely available, with each including a batch code for accurate reference. Each report clearly details the purity and accurate measurements of a product's cannabinoid content. We believe customers deserve only the CBD that can be backed up with proof of quality.

Premium Standards

Our CBD uses all-natural, American-grown hemp. We work with attentive, expert manufacturers who place consistency and consumer satisfaction at the top. We were one of the first in Florida to adopt the health and safety guidelines set by the state, ensuring full compliance with all hemp and CBD regulations.

The Future of CBD

Our team has decades of combined experience in the hemp and CBD industry, and we're well placed to lead the CBD industry with our commitment to transparency, quality, and cutting-edge development. With an expanded CBD selection, new CBG products, and more, we will continue to innovate and bring you the products you want at a price you're sure to love.
